NAVs shown are as of immediately prior to the merger. Merger Ratio is the number of Acquiring Fund shares received per one Acquired Fund share surrendered.

Effect on Basis

Each shareholder has an aggregate basis in Acquiring Fund shares received in the merger equal to the aggregate basis of that shareholder's Acquired Fund shares surrendered in the merger.

The basis of each Acquiring Fund share received is equal to 1 divided by the Merger Ratio, multiplied by the per share basis of the Acquired Fund shares surrendered for that Acquiring Fund share.

Shareholders should consult with their tax advisors for further guidance.
